Greater Noida

EDUCATION

B.Tech, Computer Science & Engineering

Noida Institute Of Engineering And Technology,Greater Noida

2022 - 2026

WORK EXPERIENCE

Android App Development

Bharat Intern, Virtual

Internship • Aug 2023 - Sep 2023 (1 month)

I have developed two app in this virtual internship
1. A completely working calculator developed using java and no dependency are used in it just simple array manipulation for the calculation.
2. It is a temperature converter app.

POSITIONS OF RESPONSIBILITY

Our club organised 2 successful tech event in college where I am a tech lead. There are almost more than 100 participants each time that our team of 10 volunteer students handled.

PROJECTS

Crm dashboard

Jan 2024 - Mar 2024

https://github.com/ashupal86/CRM-Dashboard.git

It is a crm dashboard to manage the customers with functionality like auto mass mailings. I have developed it for another project but it dropped out due to academics so i published the dashboard on github. I will also deploy it when completed.

Chrome custom landing page

May 2023 - Jun 2023

https://github.com/ashupal86/chrome_coustomize.git

It is a landing page for chrome when we start the chrome. It has a digital clock, nice hd wallpaper changes every time, nice quotes to motivate, custom quick link acces bar below search bar, and a side bar for easy access to mail, whatsapp, and etc side bar only have 4 holders, where in quick link you can add as much as you want.

Result card generator

Nov 2022 - Nov 2022

https://github.com/ashupal86/Score_card.git

It is a basic python based score card generator that ask some questions in terminal and create a score card file in the current directory. I build it to learn file handling and exception handling
